## BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Norway people recommend Doan's Pills. Read this case.

Mrs. G. D. Frost, 6 Tucker St., says: "Doan's Pills helped me wonderfully and I take pleasure in recommending them. My back gave me trouble and there seemed to be a deep seated pain across the center of my back. My kidneys didn't act regularly and in other ways showed signs of disorder. As Doan's Pills had been used in the family with good results, I decided to try them and sent to Noyes Drug Store and got a box. After using them, the trouble left me entirely."

## Bonney-Parlin

An attractive wedding took place Saturday, June 14, at high noon when Miss Laura A. Parlin, only daughter of Mr. and Mrs. Dennis Parlin, became the bride of Paul E. Bonney, son of Mrs. Blanche Bonney, at the bride's home on Summer Hill. Rev. W. K. Houghton performed the double ring ceremony in the presence of about thirty guests. The couple were attended by Miss Dora Bonney, sister of the groom and Howard Parlin, brother of the bride.

The bride was charmingly attired in white crepe de chine with a veil held in place by lilies of the valley and carried white daffodils. The bridesmaid, a sweet girl graduate, was simply attired in the valley. Lohengrin's wedding march was played by Miss Margaret West, cousin of the bride. The bridal party stood underneath an arch of pine and apple blossoms from which was suspended a wedding bell of white lilacs. The house was beautifully decorated with flowers by Mrs. Stella Cobb and daughter. The many beautiful gifts from the friends and relatives were on display. Light refreshments were served after the ceremony.

The bride's going away gown was a suit of tannish polka dot with hat to match. Mr. and Mrs. Bonney departed for parts unknown amid a shower of confetti and the best wishes of many friends. They will reside at the Bonney farm in Summer.

## Cuts Better Lasts Longer

You will appreciate the John Deere Mower the moment you see it in action. You will notice particularly its simplicity, its great cutting power and the ease with which it is handled. These advantages, combined with the extra years of service it gives, makes the John Deere a mighty profitable mower investment.

### JOHN DEERE MOWER

The Mower with the Balanced Gears

The driving gears on the John Deere are balanced—one set offsets the thrust of the other set. This eliminates side wear and strain. This mower transmits maximum power to the high grade carefully-fitted knife—that's why the John Deere does a better job of cutting and pulls lighter.

Another feature—if after years of use, lag develops in the cutter bar, this can be taken out—the bar is aligned by a simple eccentric adjustment. The John Deere handles easily. The bar can be raised high with the foot lever to pass over ordinary obstructions. With

the hand lever an extremely high lift can be secured quickly and easily.

It's no job to keep the John Deere in good running order. All parts are easily replaced; adjustments easily made—its simplicity is a real feature.

Be sure to see this mower before you buy. It's the best mower we have ever seen.
